WE ARE PROUD TO BE
YOUR RELIABLE PARTNER
IN AVIATION CHEMICALS
Whether you’re an aircraft owner, working at an FBO or as a procurement manager at a world class airline, you’ve come to the right place. We have the products, knowledge and experience to help you find what you need and get it shipped to your doorstep.

From small, urgent de-icing requests to multi-year tender bids, our staff are qualified to assist. Get in touch and we’re guaranteed to find the right solution for your product needs. We are your reliable partner in aviation chemicals, whatever your company’s size.

“We are honored to be working with Aero-Sense®. They have a great local knowledge, and a very good range of products.”

MIKAEL ROSÉN, RAMP MANAGER AT GRAFAIR JET CENTER FBO

01 SERVICE

The heart of our business is our customer service. Our ambition is to provide an outstanding customer experience by continuously improving the quality of deliveries and customer service. We proactively follow up and closely monitor all orders to prevent any potential issues ahead of time.

You will receive a personalised response within 24 hours and can place orders via our online shop 24/7.

02 QUALITY

We stand for premium quality, aviation certified and thoroughly tested products. Every delivery comes with the right certificates and dedicated follow-up. All production activities conform to European standards and regulations, using only fully traceable raw materials, and including a priority focus on sustainability.

03 STOCK

We provide rapid response to customer needs thanks to our first-rate stock management. Even in the harshest winters, we’re ready to deliver the de-icing products you need. Headquartered in Belgium, our position at the heart of Europe provides us with excellent access to all major transportation.

Our ERP system enables us to strictly monitor stock levels, shelf life and certification at all times.
We offer a range of aircraft cabin cleaning chemicals and aircraft exterior cleaning chemicals. This includes a variety of products required by aircraft owners and commercial airline purchasing executives to meet their unique needs.
Cabin Cleaner is a multipurpose cleaning agent for washable surfaces in the aircraft. The product effectively degreases and leaves no streaks after use. The non-corrosive formula is safe for use on metal (aluminium), plastic and (un)painted surfaces.

Cabin Disinfectant is a disinfecting agent for pre-cleaned, hard surfaces in the aircraft. The non-corrosive formula is safe for use on metal (aluminium), plastic, (un)painted, rubber, vinyl and Tedlar® surfaces.

Carpet Cleaner is a concentrated product intended for general cleaning of carpeting in the aircraft. The non-corrosive formula can also be used to safely remove stains from carpet and upholstery.

Avionics Cleaner

Avionics Cleaner is a ready-to-use product for cleaning aviation screens and instruments, in-flight entertainment systems, in-seat and overhead (touch) screens, etc. It guarantees a streak-free result and has an anti-static effect when used in combination with anti-static wipes.

**CERTIFICATION**
AMS 1534 & AMS 1535
Boeing D6-17487

**AVAILABLE IN**
- 400 ml spray bottle

Avionics Wipes

Avionics Wipes are a convenient product for cleaning aviation screens and instruments, in-flight entertainment systems, in-seat and overhead (touch) screens, etc. The twin sachet contains one large wet wipe and one large dry, lint-free wipe. The wet wipe’s special formula will not damage the anti-glare coating of displays and screens and is safe for other surfaces in the aircraft such as metals, plastics and (un)painted surfaces. It guarantees a streak-free result and has an anti-static effect when used in combination with anti-static wipes.

Deep Cleaner for Leather

Deep Cleaner for Leather is specifically formulated to leave leather looking and feeling new. It removes stubborn stains and soil from finished leather and removes glossy build-up from body oils and dirt.

Leather Conditioner

Leather Conditioner revitalises leather so that it looks and feels like new again and helps protect finished leather from the sun's harmful effects.

Ink Remover

Ink Remover helps effectively remove most ink and pen stains from finished leather surfaces. It also removes lipstick and other stains quickly and effectively.

Airframe Cleaner

Airframe Cleaner is a concentrated detergent for general cleaning activities related to cleaning the exterior of airplanes, helicopters and other aircraft. The product easily removes oil, grease, exhaust gas and dirt and applies a coating to prevent the build-up of new dirt particles. The non-corrosive formula is safe for use on metal, plastic and (un)painted surfaces, de-icing boots, glass, Plexiglas® and Lexan® and windshields.

Windshield Cleaner

Windshield Cleaner is a ready-to-use product for cleaning the windscreens of airplanes, helicopters, ULM, gliders and other aircraft. The alcohol-free formula is safe for use on glass, Plexiglas®, Lexan® windshields and leaves no streaks after use.

Insect Remover

Insect Remover is a ready-to-use cleaning product for the removal of insects from the airframe, windshield and TK5 panels of airplanes, helicopters, ULM, gliders and other aircraft. The non-corrosive formulation is safe for use on metal, plastic and (un)painted surfaces, de-icing boots, glass, Plexiglas® and Lexan® and windshields.

Hangar Floor Cleaner

Hangar Floor Cleaner is a concentrated alkaline liquid used to clean hangar floors. This product’s intended use is the removal of dirt, mineral and synthetic grease, brake fluid, aircraft piston engine oil, aircraft turbine oil and rubber marks from hangar floors. Safe for use on most floor surfaces, including ceramic tile, concrete, epoxy, polyurethane coatings, etc. Pre-test on a small area to ensure that the cleaner is suitable for use.
