

CABIN AND EXTERIOR CLEANING

We offer a range of aircraft cabin cleaning chemicals and aircraft exterior cleaning chemicals. This includes a variety of products required by aircraft owners and commercial airline purchasing executives to meet their unique needs.

CABIN CLEANING

Cabin Cleaner

Cabin Cleaner is a multipurpose cleaning agent for washable surfaces in the aircraft. The product effectively degreases and leaves no streaks after use. The non-corrosive formula is safe for use on metal (aluminium), plastic and (un) painted surfaces.

CERTIFICATION

- 🐾 5 litre liquid concentrate

TASKI® Sani 4 in 1 Plus

Taski® Sani 4 in 1 Plus is a 4 in 1 product and acts as a cleaner, disinfectant, deodorizer and descaler for all acid-resistant hard surfaces. It is effective against a wide spectrum of microorganisms and is virucidally effective against all enveloped viruses including SARS-CoV-2 which causes COVID-19 disease. The deodorising effect is based on a unique, patented Odour Neutralizing Technology (O.N.T.) which leaves a pleasant, fresh fragrance.

Oven Cleaner & Degreaser

Oven Cleaner & Degreaser is a mild alkaline liquid suitable for manually cleaning of heavily soiled surfaces in the kitchen and aircraft galley. The ready-to-use product can be used to remove all types of grease and dried-on residues from kitchen equipment such as ovens, grills, cooker hoods and interiors of dishwashing machines. Due to its special composition, the non-caustic formulation can be applied on most plastics and metals (including aluminium).

CERTIFICATION

ASTM F483

AVAILABLE IN

☛ 2 litre spray bottle (foam trigger)

Flushman Lavatory Additive

Flushman Lavatory Additive is a concentrated deodorising additive designed for aircraft lavatory use. The deep blue, non-corrosive formula acts as a detergent, disinfectant and bactericide/germicide agent for aircraft toilet tanks.
